Vol. XVI.

MARSHALL, SALINE COUNTY, MISSOURI DECEMBER 6, 1907.

No. 46

## DEATHS

### Jesse G. Morton

died at his home near the C. & A. depot Wednesday afternoon at 1 o'clock as the result of a paralytic stroke received several months ago which left him in a very helpless condition. He was 70 years old, and was an old resident of Marshall. The wife and five children are left to mourn his departure, Sam Morton, Orearville; Ed and J. Morton, Marshall; Mrs. Annie LeGore, Paul Morton, Marshall. The funeral will occur at the residence this morning (Friday) at 10 o'clock and burial at the Odell cemetery northeast of town.

### Frank Keyton

died at his home near Concord church in the eastern part of the county Tuesday at 9 a. m. Funeral services were held at Union Hill cemetery Wednesday at 2 p. m.

### Austin Todd

died at his home in north west Marshall Tuesday evening of dropsy, aged about 30 years, after a several month's illness. He was unmarried. His remains were taken to Napton yesterday for burial.

### Committed Suicide.

John Dickson, residing between Nelson and Blackwater shot himself Monday at 10 p. m., it is supposed on account of financial difficulties. He had a sale Saturday and packed his goods to leave for Tex-

as, but it is thought his sale proceeds were not sufficient to meet his needs and he grew despondent. When found he had \$50 on his person.

### Closed its Doors.

The National Bank of Commerce of Kansas City one of the largest banks in the West closed its doors yesterday, caused by a run on it since the flurry began. It is in good condition, having assets of \$24,000,000 and liabilities of only about \$16,000,000 and depositors will lose nothing. As the bank was a national depository and the rural mail carrier had just been paid with drafts on that bank, they are now "holding the bag" till the government makes these drafts good.

### Case Dismissed.

J. H. Ziegel was up from Herndon yesterday and says the case against John Shields who was charged by Mr. Castle with having stolen five cribs from him has been dismissed. He thinks the case is a piece of nonsense as Mr. Shields is an honorable man and there was no ground for action.

### Our Boys Badly Beaten

In the foot ball game at Boonville Saturday between a Marshall picked team and the Missouri Training School boys, our team lost on a score of 29 to 0. John Lear, a Marshall boy, received a broken collar bone.

## BIG DRAINAGE DITCH

### Preliminary Work Commenced on Salt Fork Monday.

In response to a petition from a large number of the land owners along Salt Fork from the west county line to the point where it crosses the C. & A. tracks, the county court appointed the Salt Fork Drainage Commission to look into the matter thoroughly. The Commission met Saturday at the law office of Duggins & Duggins and it was decided to push the investigation immediately.

W. B. Mullins, of Miami, engineer in charge, started out Monday morning with the other commissioners to make a preliminary survey and report to the county court. In case the report is favorable and the ditch is ordered it will be by far the largest piece of work in this line in the county and will also affect a very large acreage of the county's best land.

The object is to straighten out and deepen Salt Fork so that the water can flow off readily instead of flooding as at present.

Owing to the illness of one of our composers, county court proceedings were necessarily omitted. We also failed to reach the recorder's office in time to get the marriage licenses this week.

One half off on hats at Mrs. Emma M. Chaffee's.

## LOCAL OPTION MEETING.

### Unusually Large Attendance at Court House Saturday.

The meeting at the court house Saturday to agitate the local option question was a very large and enthusiastic one. Dr. W. H. Black was elected chairman of the meeting.

U. G. Robinson, state superintendent of the Anti-Saloon League, made the principal address and was warmly received.

A county league was organized with A. R. James, president; J. E. McAmis, secretary. The county court has promised to be in session one day this month to consider the matter and it is probable that the court will call a special election for January 25th, 1908. The cities of Marshall and Slater will vote separately from the county but on the same day.

It is generally predicted that Marshall and Saline will vote out the saloons, but Slater seems a little in doubt, both sides claiming that city.

## WOUNDED MAN DIES.

### And General Horne is taken Back to Jail Monday.

H. J. Groves, one of the men shot by Gen. R. C. Horne in Kansas City on Saturday, November 23d, died at 8 o'clock Monday morning and as a result Mr. Horne, who was charged with attempted murder, returned to Kansas City that afternoon and gave himself up to the proper authorities. An information was filed in the criminal court charging Horne with murder in the first degree. Even though he may not be convicted of murder in the first degree Gen. Horne is in a serious position since the death of Mr. Groves, especially since he was shot in the back in trying to escape. Mr. Groves was born near Lexington, Mo., 36 years ago. In 1893 he married Mary Oldham daughter of the president of the Christian College at Columbia.

O. D. Woodward, who was shot and severely wounded by Horne at the same time was sufficiently recovered Monday to be removed from the University hospital to his home.

## Church Notes.

Rev. J. E. Abbott will preach at Saline church, west of town Sunday afternoon if the weather is favorable, and services will be omitted at the First Presbyterian church in the evening.

Rev. C. E. Peterson of M. V. C. has been called as pastor of the Lebanon and Bethlehem congregations in Cooper county, near Buncheon, till 1909, when he expects to complete his studies here. The Lebanon church is the oldest Cumberland Presbyterian (now Presbyterian) church in Missouri, having been established in 1821 by Finis Erving.

The members of the Blue Lick church are hereby requested to meet at the church on Saturday, Dec. 21st, to consider calling a pastor. Rev. T. H. Bowlware having resigned. All members are urged to be present.

E. T. Molineaux.

## \$50 Reward.

I will pay \$50 for the arrest or detention of my son, George, till I can get him. He left home on Sept. 15th, 1907. He has done no wrong but am very anxious to find him for his mother's sake.

Description—Age 16, hair between light and dark; weight about 115 lbs; about 5 ft. 3 in. high; nose rather flat; coarse voice; a little stoop shouldered. Picture shows him at age 10. Write me for full particulars.

Geo. Ohlendorf Sr.  
Marshall, Mo.

## Uncalled-for Letters

Remaining in the Marshall postoffice Dec. 4, 1907, which will be sent to the dead-letter office if not called for within two weeks.

Misses Willina Johnson, Ida M. Russell.  
Mrs. Cora Crain.  
Mr. and Mrs. C. C. Howard, Geo. Johnson, J. Mabry.  
M. T. Chastain, P. M.

## Must Have Tickets Hereafter.

The C. & A. railroad commenced Sunday to enforce a new rule that every person must show his ticket before being permitted to board the train. The following notices have been conspicuously posted:

On and after Sunday, December 1, 1907, passengers who are not provided with tickets, will not be permitted to enter passenger cars in trains leaving stations in Missouri.

Tickets must be shown to conductors, train auditors or porters before passengers will be admitted to the cars.

Ticket windows in passenger stations will be open for the sale of tickets at least thirty minutes before train time, and will be kept open for that purpose until regular advertised hour for departure of trains.

## Has Splendid X-Ray Machine.

Dr. B. M. Spotts Tuesday showed us his fine X-Ray Coil with High Frequency attachment, which he uses for curing all manner of diseases for which the X Ray is applicable. It is one of the best and most expensive machines on the market, and he is very proud of it. It is the only one of its kind west of Chicago.

## Another Record Breaker.

Dave Goodloe was up from Napton Wednesday and says he has John Tracy's corn shuckers beat a mile. His brother, Higgins, shucked 95 bushels of drilled corn in a 9 hour day and says he can shuck 120 bushels of heavy corn a day.

## Hats at 1/2 price at Mrs. Emma M. Chaffee's.

Harry H. Miller who cried John Shellenberger's sale near Herndon Tuesday says the sale was well attended and prices were very good, some of the hogs bringing more than market quotations. Cattle were only fair. Corn sold in crib from 40 to 60c per bushel. Mr. Shellenberger recently purchased B. F. Hanley's store at Herndon and will devote his entire time to the business.

Miss Miller, who has been making her home with her sister, Mrs. E. B. Parks, of South Lafayette the past year was married Saturday afternoon to Chas. E. Clark, of Mound City, Kansas. Rev. B. T. Wharton officiating. They left the same day for their future home in Mound City.
